SAVE THE RAILWAY HOUSE -BUNYA BUNYA report -Fran Healy

Joe Toscano from 3CR community radio gave us a good go, the value of the tree was a bigger draw card, Fran went on Joe's Show knowing that the house had been saved. The house will still be purchased by the State Government. It is the view of the Level Crossing Removal people that the road bridge is the best solution, Fran was advocating that the road bridge is not needed due to the number of other local crossings available.

Michael Galea – I want to thank for you activism and standing up for the cause, things only happen when people band together to fight a cause. It is unlikely that the road bridge will not go ahead. It will be Vic Track land but it may be transferred to the Council to look after and to make it into a community asset.
